This is very helpful. Thanks. I will make sure the site team has these documents.

I'm not sure what remedial documents have made their way to EPA. For Site 108, we have the attached fact sheet and a March 2017 Confirmation Investigation Report and April 2017 Tar Removal and Tank Demolition Phased IRM Project. I will send the latter two via the FTP site due to the large size of the documents.

I'll check with Chad if there is anything else that would be relevant for your group to review.

Regards,
Terri

Sorry – I'm waiting for confirmation but Jim Quinn may participate by phone as well on Thursday. Yes, Chad and I can answer your questions on Site 108.

Thanks,

Hi Terri,

Many thanks for the email. To confirm, DEC participants on Thursday will be: you, Mike Ryan, Chad Staniszewski, and Chris Lalone? Also, for our call today, I think it would be helpful if DEC could provide some background information on Site 108 Is that something that you or Chad could provide?

Regards,
Margo

Mike Ryan will participate by phone on Thursday (so no one from DEC will be participating in person).

Talk to you soon,
Terri
